

Environmental Policy Statement

Gault Engineering is committed to leading the industry in minimising the impact of its activities on the environment.

The key points of its strategy to achieve this are:

Minimise waste by evaluating operations and ensuring they are as effective as possible.

Actively promote recycling both internally and amongst its customers and suppliers.

Source and promote a product range to minimise the environmental impact of both production and distribution.

Meet or exceed all the environmental legislation that relates to the company.

The company will implement a training program for its staff to raise awareness of environmental issues and enlist their support in improving the Company's performance.
